

Isn't it time that...

People knew more about Sanatana Dharma?

Why should that happen?

**Sanatana Dharma
has been under
attack for 1000
years plus**

**A huge amount of
knowledge has
been lost**

**Or has been
corrupted badly,
often by vested
interests**

**Most Hindus don't
know the basics of
Hinduism**

Why are Hindus ignorant about Sanatan Dharma?

Mughals converted Hindus, even banned Hindus from performing Pujas & celebrating festivals

The Christians (British etc) branded Hinduism as a pagan religion, making several Hindus feel embarrassed about Hinduism

The West, with active connivance from a section of Hindus, corrupted several of our ancient texts

Post 1947, controversies have been created & fanned about several of Hindu texts as well as practices

How has this ignorance continued & grown?

Articles 30, 25 & 26 of Indian Constitution have ensured that while other religions can educate youngsters on their faith, a school can't teach Hinduism & its texts

Hindus have taken big time to Western Education, the Gurukul system of education, backbone of Hinduism, is non-existent

Left & parties subscribing to leftist thought have continued to brand Hinduism as backward, swaying Hindu youth away from Hinduism

Bollywood has been promoting this leftist thought aggressively, and the "Wokeism" promoted by them has also been very damaging

Sanatan Dharma is up against

**Mughal & Brit
oppression**

**Constitutional
Provisions**

**Education
system since
1947**

**Communist
Propaganda**

**Bollywood,
academia**

**Growing youth
apathy**

Is the situation unsurmountable?

Several lawyers & Hindu groups are fighting the legal battle

Bollywood's biased content is facing rejection of late

Anti-Hindu academics stand exposed today

And while there is a Hindu resurgence, youth apathy remains

Yet, there is little effort to educate people about Hinduism

As also about unearthing our lost/hidden wisdom

Another aspect...

Many Hindus – groups & individuals talk about the gap in people's knowledge about Hinduism, especially our scriptures

However, there is no concerted effort towards this

Little/no support for some people who are working in this direction

Lots of lip service, little support – financially or otherwise

How do we fill this gap?

Need to identify sources of ancient knowledge

Could be people, institutions, libraries

Need to identify supporters of this quest

Again, people as well as organizations (for financial support)

Bring them all under one umbrella

What would this umbrella be? And do?

This umbrella would be an Institute of Indic Studies

It would be tasked with doing research to dig out ancient Hindu wisdom

Also identify people who have the ability to do so, as also teach

Plus, promote this institute such that the average Hindu is interested in getting his children educated at such an institute

What shall the institute teach, essentially?

Upanishads

Patanjali's Yoga,
nothing new age

Ancient Indian
Philosophies like
Kashmir Shaivism,
Adwait Vedanta etc

Vedas (some
sections as not all is
possible)

Tantra
(Pure Tantra, not the
Black Magic or Sex
as is popular)

Vedic Astrology

Ayurveda

Vastu

Mantras

The Dimensions

The courses shall be available virtually, to begin with

Will subsequently move to a physical classroom set up

The attempt shall be to revive the Gurukul system

And integrate it with modern systems & technology

www.satyamshakti.com

Shall be the official website of the institute

It shall be a compendium of all knowledge imparted by the institute

Hence, shall be the reference point for anyone looking for ancient as well as new knowledge on Sanatan Dharma

Will also be the Gateway for courses, examination, seminars and all else related to activities of the institute

Simultaneously

Will need recognition for such education

So that the students can go out and seek jobs

Hence, there is the need for an Education Board

Similar to ICSE, CBSE etc

As also, recognition from UGC

Why a Board?

A board will provide recognition to such education

Will help students gain employment once they pass out

Thus, the institute alumni shall be in step with new business and employment opportunities

While being steeped in Indian philosophy & thought as enunciated in various Sanatan Dharma Texts

The Board will also...

Felicitate research into our ancient texts

While encouraging development of new texts

Will also conduct seminars & conferences on various aspects of Sanatan Dharma, both old and new

The overall intent shall be to disseminate correct information and negating interpolation and negative propaganda

So, what are the parts of this picture?

The Ultimate Goal

Shall be to become the source for authentic information on Sanatan Dharma and its various streams

To unify all streams under one umbrella so that conflicts ease and a unified thought emerges

Hindu citizens well versed in Sanatan Dharma come out – students as well as teachers

Research to rediscover our knowledge, most of which seems lost today

Where do we begin?

Financial
Support

Legal
Support

Legal & Financial support shall help us

Ensure that we have legislation that helps us take this project forward

Overcome the legal obstacles ensuring that we have societal support

Financial support shall help us give shape to the institute, both in virtual as well as physical terms

Eventually, we shall

Have a true India emerge where kids utter Sanatani Nursery Rhymes, not “Twinkle Twinkle...” or “Baba Black Sheep...”

True Indian history shall emerge, and pride in being “True Indians,” shed the slave mentality

Science will begin to recognize Vedic Knowledge and disseminate True Vedic Studies

The schools and colleges will resonate with sounds of Bhagwat Geeta Shlokas and Hanuman Chalisa

**The Institute Design shall be based on
Shree Yantra, with over 5 Lakh
other Yantras
Inscribed on the walls**

**The Institute or the Ashram shall have
Murtis or Idols made of Crystals**

If you intend to join hands, support the project or get associated with the project in any way, so that we can truly **REVAMP THE ENTIRE EDUCATION SYSTEM**, please write to me on info@satyamshakti.com
